## BILLION BUSHELS INCREASE

In Food Crops Predicted—Corn Yield  
To Be Largest in History; Winter  
and Spring Wheat To Make  
Excellent Showing; Potatoes  
And Tobacco Hit  
Top Mark.

Washington, July 10 — A billion  
bushels increase over last year's pro-  
duction in the principal food crops, is  
the response American farmers have  
made to President Wilson's mid-April  
appeal, saying upon them "rests the  
fate of the war and the fate of na-  
tions."

The extent of the farmers' response  
was disclosed today when a produc-  
tion of 6,933,000 bushels of principal  
food crops was forecast in the De-  
partment of Agriculture's July crop  
report. It shows this year's corn crop

will be the largest in history and that  
four, and possibly five, other crops  
will make new high records.

The corn crop, which for the first  
time will exceed 3,000,000,000 bush-  
els, shows an increase of 541,000,000  
bushels over last year with a total of  
3,124,000,000 bushels. The acreage is  
fourteen per cent larger than last  
year.

The combined winter and spring  
wheat crop will be 28,000,000 bushels  
more than last year's, with a total of  
678,000,000 bushels.

Barley, with prospects of the third  
largest crop over grown, will exceed  
last year's production by 33,000,000  
bushels, with an output of 214,000,000  
bushels.

White potato production, on a 22-  
per cent increase in acreage, will be a  
record crop with 452,000,000 bushels or  
167,000,000 bushels more than last  
year, not taking into account the home  
garden production, which this year is  
estimated to be much larger than ever  
before.

Rye, another record crop this year,  
will amount to 56,100,000 or 8,000,000  
bushels more than last year.

Sweet potatoes will register a new  
high total with 82,200,000 bushels or  
11,000,000 bushels more than last year.

Production of tobacco will break an-  
other record with a crop of 1,215,000-  
000 pounds, which is 64,000,000 pounds  
more than was grown last year.

## JAS. MONTGOMERY PHISTER

Noted Dramatic Critic Died at His  
Home in Cincinnati Monday—Was  
Born in Maysville.

The following is from yesterday's  
Enquirer:  
James Montgomery Phister, one of  
the best known dramatic critics in  
America, died last night at his home,  
3611 Edwards road, Hyde Park, after  
long illness.

Falling into a light slumber shortly  
after 5 o'clock in the evening, he  
awoke in the dusk and called his wife  
and children. Jovial and brave in the  
face of death he talked with members  
of his family until he lapsed into sleep  
that knew no end.

Born in Maysville, Ky., in 1853, the  
son of Jacob O. Phister, wholesale to-  
bacco merchant, he came to Cincin-  
nati when a boy. Here he was edu-  
cated in the public schools, being  
graduated from Woodward High  
School and continuing his education at  
Yale University.

Returning from college Mr. Phister  
married Elizabeth Jane Armet. He  
was the father of three children—Wil-  
liam Phister, with Cincinnati papers  
as a humorist and cartoonist, died 11  
years ago.

A daughter, Mrs. C. M. Wood, lives  
in Humboldt, Kan. Stewart Phister, a  
son, is a Cincinnati newspaper man,  
who assisted his father in his dramatic  
work. He is a member of the Third  
Ohio Field Artillery.

For more than 35 years, Montgom-  
ery Phister was engaged in newspa-  
per work. As a writer, cartoonist and  
dramatic critic, he was recognized by  
all. During leisure moments he em-  
braced as a hobby scenic painting.

Identifying himself with Murat Hal-  
stead, editor and owner of the Com-  
mercial Gazette, he soon established  
himself as a dramatic critic of note.

Mr. Phister was recognized for his  
fairness, accuracy and courage in his  
criticisms.

Sir Henry Irving, E. H. Sothern and  
Julia Marlowe were among his warm-  
est friends. On his many tours  
through Europe he was the guest of  
the noted actor, Irving.

Montgomery Phister wrote special  
articles for many theatrical and dra-  
matic magazines, not only in America  
but in Europe. He wrote many plays  
and brochures, among the most no-  
table being a farce comedy, "A Soap  
Bubble", which scored a tremendous  
success several years ago.

He was a friend not only of those  
prominent on the stage, but of the  
most humble. Every doorkeeper, ev-  
ery stage hand knew him and respect-  
ed him. Letters from the most suc-  
cessful and those less fortunate were  
received by him daily seeking advice  
on theatrical ventures.

During the Spanish-American War  
he served as war correspondent.  
His love for the theater caused him  
to study and specialize in his work.  
He was a Thirty-second Degree Mason,  
a life member of N. C. Harmony Lodge.

Mr. Phister was a cousin of Cap-  
tain Conrad M. Phister and Miss Amy  
Phister of this city.

testing witnesses thereto, and admitted

she die before becoming of age the

## "BIG, BRINY TEARS"

Had No Effect Upon Major Bernhard,  
and Johnny Hoy Is Now a  
Soldier Boy.

A very funny story has just come  
to light regarding one of the young  
men who joined the Kentucky National  
Guard last week, while members of  
the Second and Third Regiments were  
recruiting here.

The young man, who is a big, strap-  
pling fellow, weighing in the neigh-  
borhood of 200 pounds, and who lives  
in the county, went to Ripley on Sat-  
urday night and proceeded to see how  
much booze he could carry home—on  
his insides. The result was that when  
he again arrived in Maysville prepa-  
ratory to returning to his beloved  
home he was feeling as happy as the  
Japs after they had licked Russia.

While in this state of mind, his  
ears were assailed by the sweet strains  
of music as played by the splendid  
military band of the Kentucky Na-  
tional Guards. "Music hath charms  
to soothe the savage beast," 'tis said,  
but this young man's soul was fired  
with patriotism and he forthwith en-  
listed.

Act three begins with the dreadful  
morning after. A stern realization of  
the fact that he had actually joined  
the army caused the fellow to reflect  
seriously on why he had left mother.  
He immediately went to see the of-  
ficer in charge, and upon being in-  
formed that he could not escape serv-  
ice he began to weep very copiously,  
his large, briny tears causing all of  
the weeds in the vicinity to think that  
a tidal wave had struck in the vicinity  
of Maysville.

After witnessing the grief of the  
sorrowing boy for several moments,  
the officer roughly told him that he  
was no longer "mama's boy" but he

## TWELVE REPUBLIC UNITED

"There are no more Pyrenees," exclaimed Louis XIV, on gleefully beholding the prospect of a Bourbon accession to the throne of Spain.

"There are no more distinctions between American republics standing against Teuton tyranny. Their ships in my harbors are welcomed on equal terms, on the terms not of neutrals, but of valiant belligerents in a common cause," declares, in effect, patriotic little Uruguay.

Here, indeed, is a virtual removal of boundary lines that by comparison makes King Louis' metaphorical sweeping away of the Pyrenees seem as petty as it was fallacious. There is no more hungry in Uruguay's dictum. It states a wondrous but substantial fact.

The Monroe doctrine struck a chord of pan-American affiliations. The Uruguayan doctrine resolves that chord into a climax of surpassing majesty and power. America is now all American, not simply the United States. In a sense, the hemisphere becomes one vast nation unified for liberty, a tremendous power that with one voice can say to overseas antagonists: "Thus far and no further. America is free, America is inviolate."

The great war is profligate of miracles. None that it has performed, however, can be called really secondary to that which has already made twelve republic from Maine to Cape Horn almost as much a unit in vital respects as the Articles of Confederation made the sovereign States of the American Union.—Philadelphia Ledger.

It very often happens that the fellow who kicks because the newspapers do not print the news is the same fellow who comes in and asks to have his name kept out of the paper when he gets into trouble.

Housekeepers can easily can surplus green peas and snap beans, which are beginning to appear in home gardens in many sections. The season has been unusually good for peas, and home gardeners in many localities are reporting unexpectedly heavy yields. Either of these products readily can be canned with no other home equipment than jars or cans and a wash boiler fitted with a false bottom of slate to keep the jars from resting on the bottom.

Here are directions given by the United States Department of Agriculture to the members of girls' canning clubs in the Northern and Western States:

## TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from kidney ills is looking for.

Fred Dresel, tailor and justice of the peace, 1238 E. Second St., Maysville, says: "I was troubled by inflammation of the bladder and annoyance from my kidneys. The kidney secretions burned in passage and often were retained. I had severe pains across the small of my back which greatly interfered with my work. Doan's Kidney Pills, which I got at Wood & Son's Drug Store, gave me prompt relief."

Mr. Dresel gave the above statement on February 6, 1908, and on November 14, 1916, he added: "I have had the same faith in Doan's Kidney Pills today as ever, for I haven't had any trouble with my kidneys since I last recommended them."

Mr. Dresel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Dresel has twice publicly recommended—the remedy backed by home testimony, 50c all stores. CLEAN AND REUSE OLD PARAFFIN

Paraffin that has become unclean through usage in canning and preserving may be cleaned and reused. Don't throw it away because dirt and trash have become mixed with it. Many times paraffin can be cleaned with a brush in cold water. If this does not remove all the dirt, says a specialist of the United States Department of Agriculture, heat the paraffin to boiling and strain it through two or three thicknesses of cheesecloth

placed over a funnel. Or a thin layer of absorbent cotton over one thickness of cheesecloth may be used as the strainer. One straining should be sufficient ordinarily but if the paraffin still is unclean heat and strain again. Any paraffin lodging in the strainer may be recovered by heating the cloth and pouring off the hot liquid to another strainer.

**MILK TOAST**  
Don't throw away stale bread and left-over skim milk, Madam Housewife. From them you can make that simple and well-known but nourishing dish, milk toast, the United States Department of Agriculture points out. This makes a good dish for breakfast, luncheon, especially for children.

Any man feels that he could put up a good front if he only had the backing.  
**Catarhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarhal, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHERRY & CO., Toledo, O.

## ADVANTAGES IN USING THE SLO

Silage furnishes an almost sure feed supply. There is no surer crop in Kentucky than corn.

The silo provides a means of keeping over, for summer use, feed of high quality.

Three and seven-tenths acres of corn put into the silo furnishes as much feed as 5.3 acres of similar corn cut and shocked.

A corn crop of 35 bushels to the acre will give about 7 tons of silage to the acre, with a gain of \$11 an acre over husking from the standing stalks.

The silo increases the livestock carrying capacity of the farm.

It provides storage for the whole corn plant when it is at its highest feeding value, and in handy form for both winter and summer feeding.

Silage stimulates and improves digestion during the dry-feeding period, and keeps cattle thrifty and fresh.

The United States Department of Agriculture has recently issued a bulletin (Farmer's Bulletin 815), entitled "How Live Stock is Fed in the Bluegrass Region of Kentucky." The material is obtained from a survey of 187 farms and analyzes the successful method used by these farmers. The pamphlet contains matter that will be of profit to farmers throughout the State. Copies may be obtained from the Division of Publications, United States Department of Agriculture, Washington, D. C.

People unacquainted with the triumphs of dry cleaning often discard valuable possessions because they are unaware of what it can accomplish.

## BE CANNY

Make your hoe this summer keep your can opener busy next winter.

Get ready for canning season now. Vegetables are the only things ever canned in the jars you forget to order.

Can nothing that can be kept without canning. Dry such vegetables as corn, string beans, navy beans, mature lima beans, okra, etc.

You can brag about your garden all winter if you have your canned evidence on the dinner table.

Concentrate products, especially soup mixtures, so that each container will hold as much canned food and as little water as possible.

Really there is nothing to canning fruit and vegetables except care, cleanliness, fresh products, jars and heat.

London, July 11.—Hallez, the strategic key to Lemberg, capital of Galicia, has been captured by the Russians, says a dispatch from Reuter's Petrograd correspondent.

Petrograd, July 10.—General Korniloff's operations in Galicia along a front of twenty miles have broken the Austro-German front between Hallez and the Carpathians and already the Russian cavalry has pressed forward for a distance of sixteen miles.

To the west of the Dniester, as a result of the Russian forward movement, Hallez has been penned in from the south and southwest and the Russians now are menacing the Hallez bridgehead.

From July 2 to 8, inclusive, General Korniloff took 14,000 prisoners and fifty-five guns, of which twelve were heavy pieces.

# OUR BIG PRE-INVENTORY SALE

**Starts At Our Store Friday, July 13.**

Five years ago we started in business with a horse and wagon, selling to only a few people every day. We tried at that time to give everyone a square deal, giving them first quality in everything at cheaper price. Our business grew. We then occupied a fruit stand on Second street and added a few fancy groceries to our stock. Our trade exceeded our expectations and we were obliged to seek larger quarters, which we found on 137 West Second street. Our policy of square dealing, cut prices and personal service to each customer built up a large trade, which again necessitated us moving to our present commodious quarters.

We wish to thank the many people who stood by us through those years and we believe we can partly repay them for the continued confidence placed in us, in the big PRE-INVENTORY SALE which starts next FRIDAY.

Bring this list with you and it will assist you in buying. Never before have such prices been made in mid-season and with everything as high as at present. Many of the articles listed below are way below wholesale cost price.

**Veatch-Taylor**  
(Harrison News)  
Relatives and friends in Paris have received cards announcing the recent marriage in New Orleans of Miss Musette Veatch, of Lexington, to Mr. George Taylor of Maysville.

The bride is a popular young woman, well known here, where she has often been a guest of her uncle, Mr. J. J. Veatch, District Man-

ager of the Central Home Telephone Company, and Mrs. Veatch. She is a remarkably attractive young woman, whose affable manners and winning ways made her hosts of friends wherever she was a visitor. Mr. Taylor is traveling salesman for the R. J. Reynolds Tobacco Co., and a most capable young business man.

Mr. and Mrs. Taylor will arrive in Paris this week for a visit to Mr. and Mrs. Veatch, while on their honeymoon trip to Northern points. On their return they will be at home to their friends in Louisville, where Mr. Taylor has his headquarters.

Mt. Sterling Gazette: Mr. John D. Wyatt, well known hotel man of Maysville has closed a deal with Mrs. J. W. Mr. Wyatt, it is understood, will get possession at once and open the famous old hotel in a few days.
